Tara Quinn launched her first [Kickstarter](#) as part of [Make/100](#), to produce 100 pieces of fantasy stock art. As a lifelong artist and professional tattooist for nearly 2 decades, she is breaking into fantasy illustrations with her own new-school cartoony twist.

All illustrations were done as black and grey or line art, and many of them depict creatures, concepts or monsters from the 5E SRD. The style invokes that of old-school artwork, but with Tara's own comic inspired design. All were created digitally at high resolution 300 DPI in various shapes and sizes.
